

UTAH ATE SKILL CERTIFICATION SUMMARY SCORE SHEET

EXERCISE SCIENCE/SPORTS MEDICINE - TEST # 701

The performance evaluation **is a required component of the skill certification process**. Each student must be evaluated on the required performance objectives. Performance objectives may be completed and evaluated anytime during the course.

- Students should be aware of their progress throughout the course, so that they can concentrate on the objectives that need improvement.
- Students should be encouraged to repeat the performance objectives until they have performed at a minimum of a number **3 or 4 on the rating scale (moderately to highly skilled level)**.

4= highly skilled	Successfully demonstrated without supervision
3= moderately skilled	Successfully demonstrated with limited supervision
2= limited skill	Demonstrated with close supervision
1= not skilled	Demonstration requires direct instruction and supervision
(0=no exposure)	

- When a performance objective has been achieved at a minimum of 80% (moderately to highly skilled level), “**Y**” (**Y=YES**) is recorded on the Summary Score Sheet. If a student **does not** achieve a 3 or a 4 (moderately to highly skilled level), then “**N**” (**N=NO**) is recorded on the Summary Score Sheet for that objective.
- All performance objectives **MUST** be completed and evaluated prior to the written test.
- The teacher will bubble in “**A**” on the answer sheet for item **#81** for students who have achieved “**Y**” on **ALL performance objectives**.
- The teacher will bubble in “**B**” on the answer sheet for item **#81** for students who have **ONE or more "N's"** on the performance objectives.
- The signed Summary Score Sheet(s) **MUST** be kept in the teachers’ file for two years.
- A copy is also kept on file with the school’s ATE skill certification testing coordinator for two years.

Students who achieve a 3 or a 4 (moderately to highly skilled) on **ALL** performance objectives and 80% on the written test will be issued an ATE skill certificate.
